RE: 66 stories in 6 days: 66 minutes screen time.

Dear Sir or Madam

I watched the first clip, and I was excited.

I watched the 2nd and I was ecstatic. The 3rd I was speech-less. They just kept getting better and better! The *Kokoda Track (Australians)* mini-movie was outstanding. Dropping in an off-camera sound-effect of the yells of the Japanese was a brilliant touch.

This is an example of how Luke and Ian added value to my original script. They know their stuff. Authenticity was paramount in this project and the Sparke team did not disappoint.

Spark Films have a huge arsenal of props and costumes from a variety of historical periods; bona fide, down to the last detail.

A tight budget, limited timeframe, and arduous conditions did not deter the team.

I whole-heartedly recommend Spark Films to anyone who wants a hard-working, professional production team.

Sincerely,

Nicole Lander
